WORK EXPERIENCE

(Big Data analytics Company)   **Madrid, Spain**
Community Assistant – Part-Time   *Dec 2020 – Sept 2021*

- Assisted the Community Manager with the collection of declarative data concerning consumer preferences
- Provided large amounts of data to the team by designing surveys that obtained more than 75,000 responses
- Managed customer support for over 100k users

(Same Big Data Analytics company)   **Madrid, Spain**
Research Assistant – Internship   *Jan – Feb 2020*

- Supported the data analytics team by conducting diverse market research on the LATAM region due to the company's plans to further expand its business
- Developed a competitive analysis to identify areas of differentiation and opportunity for the organization by determining our 3 sector competitors and evaluating their data collection strategies, as well as their overall competitive advantage
- Researched demographic trends in 11 LATAM countries regarding consumer preferences in different sectors. Utilized important demographic filters such as age group, income bracket, location, education level, and birth rate
- Assessed how Brazil's declining birth rates would impair the country's future economic growth
- Screened the team to comprehend how this data was then structured into a series of concise datasets in Excel to make it quickly accessible for clients

LEADERSHIP EXPERIENCE

University Finance Club   **Madrid, Spain**
Manager   *Sept 2021 – Current*

- Organizing conferences and seminars with finance professionals
- Providing the group with 3-weekly reports on the latest economic and financial markets events
- Establishing meetings for discussion

Benefic Society   **Lima, Peru**
Team Leader   *May – Nov 2019*

- Led a volunteer group in an aid program to rural areas of Peru focused on teaching children in unfavorable conditions
- Coordinated the required materials supply for 315 children
- Successfully recruited over 7 new people to the program
