## WORK & LEADERSHIP EXPERIENCE

---

### Ernst & Young

*Audit Associate*

**Eastern European Country**

2012 August–2013 August

- Conducted financial statement analysis and modeling of clients in the energy, asset management, and financial services sectors, thus contributing to client risk assessment.
- Performed analytical tasks to assess the client's operations resulting in obtaining of audit evidence, exposing client deficiencies, and creating sales opportunities.
- Liaised extensively with clients resulting in positive relationship development.
- Worked full-time whilst completing two years of university commitments.
- Selected Project Experience:
  - Audit of National Asset Management Firm
    - Designed a valuation model for an 833 million EUR convertible debt issuance in order to support client's valuation.
  - Audit of Hungarian Energy Transmission Company
    - Participated in the valuation of the firm via the construction of a discounted cash flow model, and took part in assembling a detailed report on the findings to be presented to management.
  - Audit of Finance Lease Department of Large Retail Bank
    - Analyzed lease portfolio with attention to individual contracts which resulted in the discovery of severe deficiencies in the client's portfolio. Devised an adjustment to audit strategy in response.
  - Audit of Large Agriculture Firm
    - Led the audit team in the senior associate's absence and uncovered deficiencies in the client's operations. Implemented appropriate modifications to audit strategy to successfully complete the audit engagement.
