PROFESSIONAL EXPERIENCE

"Bulge Bracket Bank"

Washington, D.C. and Atlanta, GA

Portfolio Analyst

June 2013 – Present

- Provide coverage on ~40 clients in a \$10 billion Asset Based Loan Portfolio. Worked on ~15 credit deals in the past 18 months, including capital restructuring, shareholder distributions, growth financing, acquisition financing, and asset purchases.
- Selected Transaction Experience:
 - Food Distributor (EBITDA: \$XXMM) Increased Credit Facility to nearly \$2 billion due to ~\$900 million Asset Purchase
 - Partnered with Syndications group to gather valuation information including public company comparables, precedent M&A transactions, and DCF; analysis showed purchase price and leverage were market competitive and was successfully used in transaction.
 - Chemical Manufacturer (EBITDA: \$XXMM) Increased Credit facility to nearly \$900 million, modified capital structure to allow for growth and acquisitions
 - Completed due diligence, pro-forma financial models, and scenario analysis for the senior secured debt restructure.
 - Fuel Distributor (EBITDA: \$XXMM) Assisted client with \$2 million dividend to shareholders
 - Prepared credit analysis and cash flow modeling. Transaction resulted in enhanced liquidity for client.

Startup Government Contractor

Washington, D.C.

Financial Analyst

7/2011 - 10/2011

- Provided analytical support (variance, risk, profit/loss analyses, etc.) to management in order to develop winning proposal strategies.
- Responsible for supporting the cost estimating department by creating pricing models and designing cost estimation solutions.

"Mid-Size IT Corporation", "Government Entity"

Washington, D.C.

Government Real Estate Financial Consultant; National Rent Bill Management

4/2010 - 7/2011

- Provided financial consulting services to "Government Entity" ("GE"), for the national rent bill management (NRBO) project under a \$20 million dollar contract.
- Performed and reviewed data management of real estate transactions providing 100% accuracy in "GE" contracts.
- Processed actions in the System for Tracking and Administering Real-property (STAR) and the Occupancy Agreement Tool to reconcile data.
- Coordinated with client's key contact to deliver and satisfy client's requirements and specifications.
