WORK & LEADERSHIP EXPERIENCE

Antares Corporate Finance

Warsaw, Poland

Intern

July 2013 – August 2013

- Performed trading comps valuation for a number of Polish companies (including Home Future, Marolex)
- Used DCF and adjusted net book value models to conduct valuation of a chemical sprayer company (Marolex)
- Wrote valuation reports for the clients with a co-worker, outlining the results and explaining the methodology
- Engaged in a big restructuring project for the company Orzel Bialy S.A., the biggest Polish firm engaged in lead battery recycling and smelting.
 - Researched the wholly-owned subsidiaries and analysed their financial ratios
 - Analysed the impact of changing lead prices on the LME (the selling market for the company) on the companies' profits

Start-up Loans Company

Bristol, United Kingdom

Student Ambassador

February 2013 – Present

- Selected by James Caan to represent Start-up Loans Company at my University
- Spreading awareness of the scheme among young entrepreneurs in the South West region via marketing materials and cooperation with the Bristol City Council
- Participated in organisation of mentoring events, planning to merge Start-up Loans on campus with other entrepreneurial clubs being run by the University to improve efficiency.
