WORK & LEADERSHIP EXPERIENCE

Bank of ZVT

New York, NY
June 201X -Present

Sr. Application Support Analyst-Institutional Equity and Equity Derivatives

- Proposed and lead an initiative to reduce vendor related expenses for the Equity and Equity Derivatives business. Saved over \$60,000 in annual fees.
- Worked with the Equity and Equity Derivative trading desk in testing and adopting suitable trading technologies. Utilized the Bloomberg trading tools to test orders on our trading platforms. This initiative led to reduction of manual tickets processed by the Equity Derivatives business.
- Built trading excel spreadsheets incorporating Bloomberg market data and utilizing Excel VBA Macros to enable faster execution of basket orders for the Equity Sales and Agency Options trading desk.
- Worked with vendors to certify white label trading algorithms and smart order routers. These services were offered to buy side client via our trading platforms eliminating cost associated with developing these technology in house.
- Skills developed and utilized for this role: - MySQL, UNIX, Fix Protocol Troubleshooting, Front-end to Back-end Trade Flow process.

BANK OF FTY.

System Analyst

Feb. 200Y –June 201X

- Project and Technical Lead for XYZ Capital Markets application virtualization project for Internet Explorer 8. Project covered XYZ Capital Markets Operations worldwide with over 1000+ computer assets involved.
- Technical Lead for the Removable Media Security Encryption Project at XYX. Successfully managed a technical team of 10 analysts located in Montreal, New York, London, China and Chicago for this project.
- Built a software Application based on Visual Basic to enhance the ability to provide technical support remotely.
- Skills developed and utilized for this role included: - Project Management, Basic Windows Scripting and VB programming.
- Saved XYZ over \$25,000 in vendor expense by taking on the challenging role as tech. lead for Removable Media Encryption project.
- Achievement: Promoted to the Senior Application Support Role after 2 years of outstanding employee review.
