FINANCE EXPERIENCE

Fortune 500 company (Top 15)

Texas

Senior Financial Analyst

July 2012 to Present

- Create financial models and consolidate reports from various business segments within the corporation to gain the best course of expectation for future endeavors
- Analyze strengths and weakness of new business case studies and prospective mergers and acquisitions including timed return on investment, risk factors, and future cash flow
- Project future cash flows that ranged from quarterly to six year plans to capture the feasibility of new business cases
- Provide ad-hoc reports and support for groups outside of Finance, including Mobility, Operations and Marketing
- Direct report to the associate Vice President, a \$XXB segment of the company

CFA Research Challenge

Texas

Equity Analyst, Team

October 2013 to March 2014

- Designed and constructed equity research report for a high growth technology company with a team of 4 graduate students in the CFA Research Institute's Annual Challenge
- Conducted due diligence using various valuation models, discounted cash flow analysis, and merger and acquisition consequences
- Analyzed market trends, competition, and potential strategic partners using information obtained from multiple data sources
- Delivered findings to a panel of CFA charter holders, explaining our analysis and recommendation on the stock, as well as potential business course moving forward

Student Investment Group

Texas

Senior Investment Analyst

August 2012 to May 2013

- Invested funds with the goal of achieving \$1M in returns that will be used toward scholarships for students at NON TARGET SCHOOL (Current value at \$600,000)
- Analyzed current investments and market movements in order to make profits or stop losses
- Researched various firms for the private equity allocation of the university endowment
