EXPERIENCE

Summer 2014

Restructuring Firm

Location

Summer Consultant

Firm's Litigation Restructuring & Investigative Services practice serves clients by reassessing ongoing operations, constructing holistic valuations, managing risk, and advising clients in distressed or bankruptcy environments.

- Assisted in the creation of solvency and reasonably equivalent value analyses during a \$1B+ acquisition in the healthcare industry.
- Confirmed the normalization of earnings for use in the discounted cash flow model used to value four rehabilitation centers and to substantiate the expert's opinion that solvency existed.
- Revised trading and transaction multiples used to value a target company in the healthcare industry supporting the opinion that the company was solvent after contingent claims
- Analyzed legal documents, transaction records, and equity research reports used to establish multiples and assumptions for industry standards in the healthcare valuation model
- Compiled a portfolio of 850 clients, 1,000 contacts, and 700+ prior engagements for Firm's proprietary marketing database in order to increase the return on proposals.

Summer 2013

NYC Financial Industry Experiential Learning Tour

New York, NY

Non-Target Representative

- Selected to participate in an exclusive networking and educational tour of top NYC financial firms allowing me to better understand opportunities in finance.
- Shadowed analysts in high yield and distressed bond sales and debt capital markets where alumni discussed the details of careers in the financial services industry.
- Interacted with alumni and leaders in the financial industry through presentations, informational meetings, and receptions to gain further insight into financial markets.

EXTRACURRICULAR AND LEADERSHIP

Current

Social Fraternity

Location

Vice President

- Assessed excess expenses of \$3,000 stemming from unregulated cost management by leading a team of five brothers to create a financial transparency program resulting in cost reductions of 60%.
- Provided structure by maintaining the schedule and organization of committees in order to efficiently complete three philanthropy events resulting in \$4,000 raised and 80+ donations for the philanthropy.
- Facilitated executive meeting by mediating discussions between the five directors of the fraternity greatly reducing meeting lengths and inefficiencies.

Fall 2013

Course: Integrated Functional Systems

Location

Team Leader

- Created, managed and organized a semester long project including the development of a detailed business plan for our home improvement services.
- Developed the business's financial strategy by modeling projected operations on a line item basis five years into the future clearly identifying key cost and revenue drivers.
- Constructed a discounted cash flow model and comparable company analyses that indicated an initial, conservative, valuation of \$5.6M for our business used to pitch to local entrepreneurs and business leaders for simulated investment.
