## PROFESSIONAL EXPERIENCE

---

### Top middle market M&A boutique

*Investment Banking M&A Analyst Intern*

Madrid, Spain

Sep 2013 - Present

- Analyzed markets and different sectors companies, performed financial modeling and valuations, and assisted with the marketing and client work; worked on potential sell-side and buy-side M&A deals.
  - Potential €70m divestment of an Oil & Gas company in an international private equity's portfolio.
    - Performed in-depth research on the Oil & Gas market and its future.
    - Conducted valuation models using company comparables and precedent transactions.
    - Created a presentation, advising the PE firm that it is best time for divesting.
  - Potential €50m sale of a Marble & Granite company.
    - Researched 40 potential targets in the marble industry and narrowed down the list from to 6 based on geography, market cap, and product line.
    - Analyzed financial data and M&A news using databases: Orbis, Capital IQ and Mergermarket.
  - Infrastructure company's potential €60m acquisition of a Facility Services company.
    - Researched 100 facility services companies and narrowed down acquisition candidates based on financial criteria such as revenue growth and EBITDA margins; recommended 7 candidates to client.
    - Created pitch books, presentations and company profiles involving extensive valuation, in-depth industry research, as well as strategic and financial analysis.

### Moody's affiliate

*Summer Credit Rating Analyst*

Cairo, Egypt

Aug 2012 - Nov 2012

- Performed macroeconomic analysis, industry research and analysis, financial statements spreading and ratio analysis, as well as cash flow modeling for banks and corporates.
  - Credit rating of two commercial banks.
    - Analyzed the bank size, market position, management, and its financial performance.
    - Collaborated, with a team of three analysts, writing a credit rating report for a commercial bank.
    - Participated in both the due diligence and the rating committee's review meeting with one of Moody's International banking senior analysts, discussing the rating consideration and assigning a final rate.
  - Rating of two securitization transactions (\$60m automotive finance company and \$75m leasing company).
    - Reviewed the companies' operations and examined the cash flow model for the transactions.

### Leading mobile phone producer

*CAD Design Engineer*

Ulm, Germany

Apr 2011- Mar 2012

- Designed and produced prototypes of new mobile phones in a team of 3 engineers.
- Accelerated the designing process of mobile parts using my previous experience in CAD.
- Developed a new processing technique, which accelerated the weekly production of prototypes by 10%.
