Work Experience

XYZ Social Media Marketing

Financial Consultant (June 2016 – Present)

- Give financial advice to a Marketing Start-up.
- Responsible for creating and continuously updating the company valuation. Techniques used include both the VC method, and Weighted Average Cost of Capital.
- My valuation has been used in successful pitches to Venture Capitalists and Angel Investors.

J.P Morgan Chase & Co Asia

Asia Investment Challenge (August 2016)

- Managed a simulated \$250 million real-data investment portfolio, gaining experience working within a highly time-pressured environment.
- Gained trading experience and market understanding in Equities, Commodities, FX and Fixed Income.

Indian Government Natural Sciences Research Institute

Field Researcher (2015)

- Designed and executed a research project on the nature of elephant-human interactions in the tribal areas of Tamil Nadu.
- Used field research techniques such as interviews and cross-sectional analysis to compile a report analyzing the causes and consequences of conflict between people and elephants in protected wildlife areas.

Extra-Curricular Activities

University Public Policy Society

Founder and Managing Director (March 2016-Present)

- Founded the society in order to give students a platform to produce high-quality policy recommendations on a broad range of contemporary socioeconomic issues. Starting next academic year, I will personally chair the committee on the political economy.
- Responsibilities as Managing Director include: liaising with the Editorial Board to ensure reports are of a high quality and working with the PR officer to reach out to external institutions, Members of Parliament and think-tanks in order to obtain advice, sponsorship and direction.

University UN Society

Model UN Officer (September 2015-present)

- Won a position on General Committee of the UN Society, which is highly unusual for a 1st year.
- Continuously selected to represent my college at multiple international conferences across Europe - such as those run by Oxford and Harvard.
- Founded the MUN society in high school. Under my leadership, membership of the club grew from 10 people to over 100. By my final year in school, we were able to send delegations to conferences in Europe.
- Held the position of Chair at the LSE MUN conference in 2016.
