WORK & LEADERSHIP EXPERIENCE

XYZ

Founder

- Bootstrapped the first online finance community for the UK at XYZ.co.uk
- Managing a team of 5: coordinating and proofing the work of content generation, social media management, marketing, programming, design, upcoming features and general tasks
- Reached a total of 485 members, unique daily visitors of 75 on average, more than 70 000 page views and a revenue of £1 452 so far

X, Continental Europe

2014 July – Present

X Bank

Sales & Trading Insight Week

- Selected for their exclusive exploratory program as a result of winning the XYZ Student Investor Challenge
- Learned about the functions of the different trading desks and how the different parts of a bank interact with the capital markets
- Developed a desire to work in the fast-paced environment found on trading floors while seeing what a trader's daily responsibilities look like

X, Continental Europe

2013 July

XYZ Student Investor Challenge, National Finals

Team Captain

- Strengthened team skills and made quick decisive decisions while serving as captain, leading the group to successfully win the competition (beating 350 teams)
- Presented and defended foreign exchange trading strategies to a panel of analysts and department heads from sponsoring firms
- Traded and tested various trading strategies on the foreign exchange markets using a demo account for three months, learning about risk management, investor psychology, and market structure
- Thrived under pressure and excelled in a series of timed finance-related tests and simulations in the qualification rounds

X, Continental Europe

2013 February

X National Bank Monetary Challenge, Regional Finals

Team Captain

- Wrote and presented an essay on price stability to a panel of X National Bank economists and effectively communicated the arguments addressed in the essay
- Defended and debated various questions posed by the economists during a question and answer session
- Gained an understanding for the basics of monetary policy, central banking, capital markets, and macroeconomics

X, Continental Europe

2011 March
