Intellect

## Additional Skills

Interdisciplinary and Specialized Research, Proficiency in Investments (Equity and Commodity Markets). Coursera addict. Beyond Hungarian Speaking English, Italian and German Fluently. Future Ultrarunner. Mindful Meditating, Enthusiast for Learning Something New Every Day, Loving Being Outside My Comfort Zone and Working With People With Different Backgrounds.

## Education

Financial Economics (Non-degree) – XY College for Advanced Studies (2016 – )

Applied Economics (BA) – Eötvös Loránd University (2015 – )

## Experience

Finance Intern – Brokerage & Clearing – Tier1 BB Bank Back Office (March 2017 – )

## Summary of Experience

Week to Week Homework and Group Projects at University, and at College, Has Taught Me How to Work Hard in Team and Individually as well. I Launched an Academic Paper about a Possible Bubble in Copper Prices and Another About the Impacts of MiFID II on Investment Banks with an Overview of Regulatory Trends. The Six-month Internship at the BB Bank Has Already Deepened My General Product Knowledge and Gave Me a Global Financial Market Point of View. Trained approximately 100 Co-workers about MiFID II and Its Impacts on the Finance Division at the Firm and Optimized the Reconciliation Process by Automatizing the Storage of Invoice Data. I also Created an Investment Recommendation of Altera Wealth Management Plc. for the Budapest Stock Exchange's Kochmeister-Award and the Industry Analysis, Valuation and Modeling of Zwack Plc. for the CFA Research Challenge in early-2017 with My Team. I Have Managed My Portfolio in the Last 3 Years, Earning 48% Return on Average. These Investments Include EMEA and US Stocks, Commodity Derivatives, FX Swaps, CDSs, and CFDs.
